## Middle School Schedule

We have been working on improving the middle school student experience through a schedule change for some time. We are prepared to implement in 2019-20 school year. The highlights of the schedule change balance instructional time, add an intervention block, and revamps teaming to meet the needs of the different developmental stages of middle school. We will be hosting a parent information night for each grade level; 7th grade is Tuesday, 3/12, 6th grade is Tuesday, 3/19, and 5th grade is Wednesday, 4/24.
