10/19 - Spirit Assembly

10/19 - Back to School Bonfire

10/22 - Character Counts Week

10/26 - Pink Out

On Wednesday, October 4, 2018 Indian Crest hosted the 4th annual Crest Community Challenge (C3). C3 was developed out of a need in our community to support families who encounter a hardship. C3 has grown into so much more than raising money for a community member in need; it is a day where we celebrate our amazing community. Our students learn about the importance of making a positive contribution on the community in which they live and build positive relationships with community members. Throughout the course of the day students participate in community service throughout the community, complete an obstacle course, which raises money through sponsorship, and attend an assembly focusing on character. We are so thankful for our supportive businesses and families and proud of our students for their commitment to this project.

A special thank you to all of our parent volunteers who helped make the day possible!
