

Indian Crest Weekly Update

News from IC...

Our 3rd annual Crest Community Challenge was an awesome day and a great success! Our students opened the day with a school wide spirit assembly on the football field. Students then completed three activities; an assembly on character education, community service, and an obstacle course. We raised \$6,400 through sponsors on the obstacle course and donations. The money raised will go to families in our community in need. Students completed community service at many locations throughout the Souderton community and on campus.

We are so thankful for our community and their support of C3 and our school!

October 6, 2017
